

33rd EU ELECTRICITY REGULATORY FORUM

30th-31st May 2018

Day 1 (Wednesday, 30th May, 14:00 – 18:30)

1. Introductory remarks [14:00 – 14:30]

Chair, Mr Klaus-Dieter Borchardt, DG Energy

Mr Guido Bortoni, President of ARERA, the Italian Regulatory Authority for Energy, Networks and Environment

2. Update on the state of play of discussions regarding the market design initiative in the Clean Energy Package & on State aid cases relating to capacity mechanisms [14:30-16:00]

Open floor to reactions by stakeholders

– Coffee break –

3. Integration of electricity market rules: are we on track to achieve an Internal Electricity Market?

3.1. Highlights on implementation of electricity network codes [16:30-17:30]

– General overview of state of play of electricity network codes.

Presentation by ACER/CEER, questions from the floor

– Key elements of Commission NEMO report.

Presentation by EC, reactions by ACER/CEER, ENTSO-E and NEMO Committee

– Lessons learnt on the bidding zone review.

Presentation by ENTSO-E, reactions by EC and ACER

3.2. Challenges facing the implementation of the Guideline on Capacity allocation and Congestion Management [17:30– 18:30]

– Flow-based capacity calculation: update on the regional proposals for capacity calculation methodologies

Update by ACER, reactions by EC, ENTSO-E and Eurelectric

– Discussion on the intraday target model: continuous trading with complementary auctions; local products;

Presentation by EC, reactions by XBID project, ENTSO-E, ACER and Eurelectric

– End of day 1 –

Day 2 (Thursday, 31st May, 09:00 – 16:15)

4. Looking ahead at the challenges of the Internal Energy Market

4.1 Digitalisation of energy [9:00 – 9:45]

Presentation by EC, reactions by ENTSO-E, CEER and by CEDEC

4.2 Reflections on energy storage [9:45-10:15]

Presentation by EC, reactions by CEER and EASE

4.3 Enhancing TSO-DSO cooperation in active system management [10:15-11:00]

Presentation by EC, reactions by ENTSO-E, EDSO for Smart Grids and by CEER

– Coffee break –

4.4 Security of supply and electricity market integration [11:30-12:15]

– Lessons learnt from the 2017 South-East European cold spell

– Update on risk preparedness proposal and considerations on early implementation

Presentation by EC, reactions by ENTSO-E and ACER

4.5 Cyber security considerations for the energy sector: a perspective from the electricity sector [12:15-13:00]

Presentation by EC, reactions by ENTSO-E, CEER and Eurelectric

– Lunch break –

5. Electricity market developments in the Energy Community [14:30-14:50]

Update by the Energy Community

6. REMIT: presentation of the results of the first full year of market oversight [14:50-15:15]

Presentation by ACER

– Cocktail –

7. Conclusions [15:45-16:15]
