

CEER combines three key features for a unique and powerful learning environment

1 Practitioner Method

Practical topics relating directly to energy regulation for on-the-job and professional development

2 Regulator-centric

Designed and led by regulators for regulators, with exclusive access to leading experts in the energy sector

3 Collaborative atmosphere

Exchange views and learn from peers in the regulatory community from across Europe

CEER Seminar for Senior Staff and Board Members

Programme Overview

This intensive course offers an exclusive opportunity to:

- Examine how regulatory cooperation is organised beyond national boundaries and who does what
- Explore how regulators work with other European bodies and EU institutions - functions, priorities and relations
- Discover what regulators are seeking to achieve in Europe - and how that will affect what we do as national regulators
- Make contacts with other senior regulators and meet key players to discuss current priorities and how they see the future developing

We will also go behind the scenes, with visits to the European Parliament and the European Commission, as well as social events for building relations and sharing experience with fellow regulators.

Length	2 days
Dates	17-18 February 2014
