

Target 2014: European energy regulators' contribution

John Mogg

President, Council of European Energy Regulators
(CEER)

Chairman, Board of Regulators, ACER

6 December 2011, XXI Florence Forum

Winner of the **Energy Transparency Award (ETA) 2011**

The ETA is an annual competition, organised by the Florence School of Regulation, that recognises a company or institution for their particular contribution to the transparency of energy markets in Europe.

Regulatory cooperation flourishing through CEER

A platform for European energy regulators:

- **A broader vision** of Europe's energy markets
(Observers: EFTA and EU accession countries)
- **NRA cooperation:** network of experts, exchange experience and developing best practice
- **Support and complement ACER:** close partnership between ACER, CEER, NRAs and ICER
- Contribute to **EU's energy legislation** for customers & competitive markets

Regulators' priorities

- **Full implementation** of 3rd Package
- Delivery of the **2014 Internal Market** for liquid and investable markets
- **Holistic vision**: examine issues from different angles putting **customer interests** at the heart of energy policy
- **Cooperation with ACER**
- **Dialogue** with regulators worldwide through ICER and bilaterally, including at **WFER V** in Quebec 14-16 May 2012

Planned 2012 CEER activities

- 3rd Package implementation
- Gas storage and LNG
- Security of supply and infrastructure issues
- Retail market, “smartness”, affordability and customer issues
- Renewable energy and energy efficiency
- Voltage quality
- Financial services and energy trading
- External relations

Work Programme to be published in January

Stakeholder engagement

- We engage with interested stakeholders:
 - Public consultations
 - Workshops and hearings
 - Bilateral contacts

And we commit to review these practices to ensure they are fit for purpose

Ongoing consultations:

- Implications of Non-harmonised Renewable Support Schemes, until 6 January 2012
- Advice on price comparison tools, until 22 December 2011

2012 Conference : asking the big questions

- Key energy leaders and European regulators will tackle the sector's most pressing questions, including:
 - Aligning the Commission's Energy **infrastructure** proposals and the 3rd Package
 - How can we build a bottom-up and top-down approach in the **Ten-Year Plans** for the infrastructure needs of an internal energy market?
 - How can we attract **new investment** in grid upgrades? – will new financing mechanisms replace or complement more traditional measures?
 - How can we reconcile energy and **climate change objectives** with competitive market goals?
 - What can industry do to encourage changes in **customer behaviour**?

Thank you for your
attention!

Join us at the CEER Annual
Conference:
Wednesday 25 January 2012

Register by 6 January 2012
